The luxury classic is a perfect embodiment above all Pyroshine products, their existence is for those customers who want to see the high end items.

Inner tube extension with full powder loading and superior materials for productions just want to show clean, bright and full blast colors, and make every cents you are paying is worthy. All technicians for producing them were trained with our rules just in case they are producing the best. Once you want to see some quality products and you don't care your budget you can choose from this range.

Not too far from the competitive and popular range products, but it brings you a completely different feelings. After a long and hardworking year, and it's the time to show you something which is really nice because you are the best in the world.
